ERGO•FOLD™ KEY SETS EKLIND

ERGO•FOLD™ KEY SETS

Feel The Difference!

Ergo-Fold™ Key Sets feature a composite grip handle shaped for superior ergonomics. A soft cushion-grip insert offers comfort and slip resistance, while a hard shell provides maximum strength. Eklind keys provide extra reach for safer clearance from your work.

Eklind Ergo-Fold™ Key Sets can be used at a right angle to generate maximum torque. Additionally, they can be used as a screwdriver, with the key folded out to a firm stop. As with all other Eklind Hex Key products, we use the highest quality Eklind Alloy Steel™ that is heat treated for superior strength and finished to resist rust. Eklind keys provide maximum torque and wear resistance.

Inch, Metric AND Torx® Sets

A variety of inch and metric sets are available in both regular Hex and Ball-Hex series. Small, medium and large size handles offer the proper amount of torque for the application.

Ball-Hex Sets offer 360° of rotation at up to a 35° angle.

Tamper Resistant: for "Pin in Socket" Torx® Fasteners.

 Torx® sets cover a wide scope of applications including; automotive headlights, taillights and trim, power tools, carbide inserts in cutting tools, appliances and electronics.

Combo Sets

Screwdriver Sets

These convenient sets are ideal in the glove compartment and kitchen or desk drawers.

As Strong As Steel...Guaranteed Forever!

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of Acument Intellectual Properties, LLC.

BALL-HEX-L™ KEY SETS / MOLDED HOLDERS Eklind

BALL-HEX-L™ KEY SETS IN MOLDED HOLDERS

Eklind Ball-Hex-L™ Keys are designed with a ball profile on the long arm. This feature provides 360 degrees of rotation at up to a 35 degree angle. The burr-free short arm allows the user to apply maximum torque in required applications. Ball-Hex-L™ Sets are available in a variety of inch and metric sizes, and in Long, Bright, Extra-Long Bright and Stubby series.

Ball-Hex-L™ Key Sets

NEW "Bright" Series

Our new Bright series and X-Long Bright series have been added to Eklind's Ball-Hex-L™ Key family. These keys are manufactured from the same high quality standards that are consistent with Eklind's entire line of Hex Key Products.

Ball-Hex-L™ Combination Sets

Combination Sets are available in our most popular inch and metric sizes, and in Ball-Hex-L™ Sets as well as Ball-Hex-L™ and Ergo-Fold™ Sets.

Ball-Torx® Key Sets

Ball Torx® L-Keys have a standard Torx® tip on the short arm. The long arm has a ball tip engineered to drive the Torx® fastener at up to a 35 degree angle.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners.

TORX® and TORX PLUS® are registered trademarks of Acument Intellectual Properties, LLC.

HEX•L® AND TORX® L★KEY SETS / MOLDED HOLDERS Eklind

HEX•L® & TORX® L SETS IN MOLDED HOLDERS

Eklind L-Keys are produced from the highest quality Eklind Alloy Steel™. They are heat treated for maximum strength and finished to resist rust. Eklind's superior quality provides maximum torque and prevents rounding out of the key or hex socket.

Hex•L® Key Sets

A variety of inch and metric sets are available in both short and long arm series. These sets are contained in a convenient compact molded holder that firmly retains each key in designated holes. The molded holders are color-coded which makes them instantly identifiable; red for inch sizes, and blue for metric sizes.

Torx® L★Key Sets

Torx® L-Key Sets are available in popular sizes and in both short and long arm series. They are conveniently contained in a green molded plastic holder with individually sized marked holes. Torx® keys are useful in the following applications: automotive headlights, taillights and trim, power tools, carbide inserts in cutting tools, appliances and electronics.

Tamper Resistant Torx® for "Pin in Socket" Torx® Fasteners.

Combination Hex•L® Key Sets

A variety of Combination Hex-L® Key Sets are available in popular inch and metric sizes. These sets are contained in separate color-coded molded holders offering convenient, organized tools.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of Acument Intellectual Properties, LLC.

Eklind BALL-HEX-DRIVER™ KEY SETS

BALL-HEX-DRIVERS™

Ball-Hex-Drivers™ provide 360° of rotation at up to a 35° angle. Large diameter tools have bigger handles for better grip and superior torque. Small diameter tools feature a precision style handle with a finger rest at the top. Handles are color coded; red for inch sizes and blue for metric sizes.

This universal stand will accommodate a wide variety of Eklind products (T-Keys and Ball-Hex-Drivers™) in inch and metric sizes. They can be attached to a wall, to a bench, or to each other.

POWER-T™ KEY SETS

Strong, Increased Comfort, and a Great New Look!

Eklind Power-T™ Keys are manufactured from the highest quality Eklind Alloy Steel™ and constructed with a solid steel core for maximum strength. They are heat treated for maximum strength and finished to resist rust. Our new dual-molded grip provides increased comfort and slip resistance for safety.

Power-T™ Keys are available in Standard Hex (6" and 9" shaft lengths), Ball-Hex (9" shaft lengths) and Torx® (6" shaft lengths).

Eklind's Universal Hex Key Stand will accommodate a wide variety of Eklind Inch, Metric and Torx® products. They can be attached to a wall, to a bench or to each other.

- Solid Steel Core for Maximum Strength
- Soft Over-Mold for Comfort Offers Slip Resistance
- Provides Extra Torque & Safety
- Sizes Permanently Marked on Handle
- Color-Coded for Easy Identification

...STRENGTH

...COMFORT

...SAFETY

★ Torx® tools drive both Torx® and Torx Plus® Fasteners.

Ball-Hex Keys are designed with greater length allowing access to hard to reach fasteners and providing 360 degrees of rotation at up to a 35 degree angle.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of Acument Intellectual Properties, LLC.

HEX T•KEY SETS

Eklind Hex T-Keys feature a one piece loop handle construction for extra strength. Hex T-Key sets are available in a stand or with a pouch. Stand sets can be attached to a wall or to a bench. Pouch sets fit compactly into a toolbox or hang in the work shop. Popular inch and metric sets are available in both 6" and 9" lengths. Cushion Grip Sets provide extra comfort. Standard Grip Sets offer a more economical option.
